QUOTES

“... thank you for your outstanding contribution to the company’s success.”

Dietmar Siemssen, Vice President, Quality & Environment / Rainer Hetzer, Human Resources, Continental Automotive Systems (international).

“Für die Auditierung konnte ich H. Vincent Neel ... gewinnen. Ich würde ihn als den “ESD Papst” der Conti bezeichnen. Einen besseren Mann könnten wir gar nicht finden, da er ESD aus Leidenschaft betreibt.”

Martin Stadlmeier, Senior Manager Quality Management Operations, Continental Automotive Systems (international).

“The audit was performed extremely diligently and was more “intensive” than any “internal” audit previously conducted in Ebbw Vale. The audit not only checked for conformance but challenged for improvement. Ebbw Vale would like this level/competency of audit to be performed every year.”

Ian Williams, Quality Systems Engineer, Continental Teves Ebbw Vale (UK).

Melexis

“Vincent:

- Excellent sense in order to find opportunities areas.
- Feedback about how to improve our opportunities areas.
- He is very concret
- Oriented to objectives
- Excellent knowledge
- Excellent human being
- He knows that place to attack and how to improve it
- Assertive person“

Takeshi Hatta, Quality Assurance Engineer & ESD Coordinator, Continental Temic Cuautla (Mexico).

“Mag ik jullie nog feliciteren met de diepgang van het seminarie.

Ikzelf (woensdag) en mijn collega (donderdag) hebben veel bijgeleerd.”

Ludo Wouters, Environment & Quality, Alcatel Bell Geel (Belgium).
